ANNEXURE-II

STATEMENT OF IMPUTATIONS AND MISCONDUCT OR MISBEHAVIOR IN SUPPORT OF ARTICLES OF CHARGE FRAMED AGAINST SRI K.RAMBABU, FOREST SECTION OFFICER, EARLIER FOREST BEAT OFFICER, LINGAMPARTHI BEAT OF YELESWARAM RANGE, PRESENTLY WORKING AS FOREST SECTION OFFICER, VONTIMAMIDI SECTION OF KAKINADA RANGE, KAKINADA DIVISION OF RAJAHMUNDRY CIRCLE:

That the said Sri K. Rambabu, Forest Section Officer, Earlier Forest Beat Officer, Lingamparthi Beat of Yeleswaram Range, presently working as Forest Section Officer, Vontimamidi Section of Kakinada Range, Kakinada Division of Rajahmundry Circle from .....to 20.12.2014, had exhibited gross neglect of duty during his tenure as mentioned in the following Articles of charge:-

ARTICLE OF CHARGE:

That he had exhibited gross negligence of duty, due to which a Road was formed from Konda Timmapuram to Vanthada in Lingamparthi RF over a length of 1,576 mts. with a width of 8.00 mts. instead of 4.00 mts. resulting 0.6304 ha of R.F. land was illegally encroached by violation of Forest (Conservation) Act, 1980 but the same was not reported, accordingly misled the Higher Officers by suppressing the facts and colluding with the mining company management. Hence, intentionally allowed M/s. SPM Agro Tech & Minerals Private Limited., for illegal mining to excavation Laterite in the R.F. and failed to report the erected Pillars and also not reported the illegal transportation of mining through road formed under RoFR provisions by causing huge loss to the Government exchequer and thereby, violated the provisions of the A.P. Forest Act, 1967, Forest (Conservation) Act, 1980, duties and responsibilities under the A.P.Forest Department Code and Circular instructions issued by the Principal Chief Conservator of Forests, Andhra Pradesh, Hyderabad in Circular No.13/1995, dated.12.11.1995.

Basis of the charge:-

As per the duties and responsibilities confined under section 157 of Andhra Pradesh Forest Department Code Volume-I, the Forest Beat Officer is directly responsible for efficient management of Beat, proper protection of forests and for custody and condition of all the **Government property included in his Beat. But, the individual has violated the same.**

That certain proposals were received from the Deputy Engineer, Panchayat Raj Sub-Division, Prathipadu for formation of a Road across the Lingamparthi R.F. under RoFR Act, 2006 from Konda Timmapuram to China Vanthada to Vanthada in Lingamparthi Beat in Yeleswaram Section and Range. Later as recommended by the Forest Range Officer, Yeleswaram and Sub-Divisional Forest Officer, Yeleswaram, considering the representations and basing on the resolutions of Panchayat Sarpanch, Secretary Lingamparthi, FRC Chairman & Members, VSS Chairman & Members of Konda Timmapuram, the Divisional Forest Officer, Kakinada has accorded permission for formation of the Road over a length of 1576 mts. with a width of 4.00 m. (1576 m. x 4.00 mts. = 6304 sq.m.) 0.6304 ha. area only from Konda Timmapuram to China Vanthada to Vanthada in Yeleswaram Mandal under sub section (2) of Section 3 (1) and 3 (2) of the RoFR Act, 2006 in Rc.no.5627/2014-D1, dt.01.11.2014 for the purpose of the movement of the local Tribals for their daily needs such as medical, education and livelihood.

The Forest Range Officer, Yeleswaram in his Rc.No.521/2014, dated.11.08.2015, has reported that during the regular field inspections, it is

observed that the above road was formed with a width up to 8.00 mts. as against the permitted width of 4.00 mts. which is a violation of Forest (Conservation) Act, 1980 and A.P. Forest Act,1967.

Considering the facts and due to the violation of Forest (Conservation) Act, 1980 and Andhra Pradesh Forest Act,1967 in formation of road over a width of 8.00 m. instead of 4.00 m. and recommendations of the Forest Range Officer, Yeleswaram, the Divisional Forest Officer, Kakinada has withdrawn the permission in Rc.No.5627/2014-D1, dated.12.08.2015.

While formation of Road in excess than the permitted area, 0.6304 ha. (1,576 X 4.00 m.) of Reserved Forest land was illicitly encroached in Lingamparthi Reserved Forests in Compartment No.587.

Thus the Forest Beat Officer has shown negligence in performing his legitimate duties by not properly protecting the forest wealth within his jurisdiction. If the individual was vigilant in his duties in perambulating the area, he could have prevented the illegal formation of Road and encroachment of Forest land by violating the provisions of Forest (Conservation) Act, 1980 in Reserved Forests and registered criminal cases against the offenders under Forest Acts. Hence, failed to report the facts and misled the higher officers by suppressing the facts.

The Vigilance & Enforcement Department has pointed out certain irregularities in negligence of duty, in action to prevent the illegal formation of Road and encroachment of Forest land by violating the provisions of Forest (Conservation) Act,1980 in Reserved Forests and failed to register criminal cases against the offenders under Forest Acts and hence recommended to Government for initiation of disciplinary action against the Forest officials/staff concerned in Vigilance report No.55 (C.No.1678/V&E/NR.1/2016, dated.21.12.2018). On the irregularities pointed out by the Vigilance and Enforcement Department, the EFS&T Department in Memo No.119/Sec.IV/A1/2019, dated 29.05.2019 have decided to initiate common disciplinary action against the concerned Forest Beat Officers, Forest Section Officers, Forest Range Officers and Sub- Divisional Forest Officers of Kakinada Division, who are responsible for the said irregularities.

The report of the Vigilance & Enforcement Department regarding road formation in Forest area is as follows.

Forest Area:

From Forest cairn in Compartment No.703 of Vanthada Village to Forest Boundary line in China Vanthada:

I. The road measurements were taken at 17 locations for a length of 1,597 mts. The average width of the road is observed as 7.45 m. (126.7/17) and total area works out about 1.18 Hectares (1597x7.45/10000). No records are available regarding formation of this part of the road. The Forest Officials informed that this part of road belongs to Revenue land of Vanthada Village.

II. Part of the road (Vanthada to China Vanthada) that the hillock was excavated on both sides of road at 17 locations and the width of road formation varies from 5.0 m. to 9.50 mts. and depth of excavation varies from 2.0 m. to 4.50 m.

From China Vanthada Forest boundary line to Konda Thimmapuram Forest boundary line:

The road measurements were taken at 22 locations for a length of 1962 mts. in this part of the road. This part of road is laid in Lingamparthi

(Contd.P-3)

Reserve Forest covered in Compartment no.588 and 589. The average width of road formation works out to 9.295 mts (204.5/22) and the total area works out to 1.823 ha. (1,962x9.295/10000). The depth of excavation varies from 1.50 m. to 15 m. in this part of road (1 to 22 locations in Forest area). Further, in this part of the road (China Vanthada to Forest boundary of Konda Thimmapuram). It was observed that the hillock was excavated on both sides of road in hard strata and seems to be excavated with the help of machinery after blasting operations. The marks of teeth of excavator and hole made for blasting operations with abandoned wire are noticed.

Further, it is observed that the alignment of newly formed road is crossing the actual proposed foot path (Right of way) with 2.0 m. width at the location 1,13, and 16 in this part (from China Vanthada to Konada Thimmapuram road in Forest area) and is covered with natural vegetation. The rest of the newly formed road alignment is deviated from the existing Right of way.

The recommendations of the Vigilance & Enforcement Department against Sri K. Rambabu, Forest Section Officer, earlier Forest Beat Officer, formerly Lingamparthi Beat are as follows:-

i. By the time he was relieved on 23.12.2014, the formation of the road in the Reserve forest area was in progress in violation of the original alignment as per the Google Earth Map dt.21.12.2014. His version that "during his tenure, the formation of road work had not been commenced" is not correct and misleading. Alignment for the road was given and the work was commenced during his tenure.

ii. It is beyond doubt that he had attended the inspection during fixing of alignment both original and deviated alignment. When the alignment was fixed for 1576 mts along the existing "right of way" during inspection of Smt. Mangamma, who was in charge FRO, the necessity of approaching Dr. A. Trimurthulu Reddy, unofficial FRO at that time and requesting for taking lat-longs again is not known. The road was formed along the final alignment which indicates that the cooperated well for formation of the road along the deviated alignment.

iii. Having known from the road contractor and the mining agent Suribabu that the alignment was fixed by the AE Panchayati Raj, he could have ascertained the same from the Panchayati Raj officials and would have submitted the written report regarding the violations to the higher officers which was not done. Instead, his version that he could not mention the presence of the heavy chain machinery in his diaries by mistake, is not convincing.

iv. In spite of the oral instructions of the FRO, having come to know that the machinery is being used for formation of the road in RF in his jurisdiction, he would have stopped the work as per his legitimate duties. His involvement in co-operating the mining agencies in formation of the road, facilitating the transportation of mining produce, can't be ruled out. The Forest Beat Officer failed to discharge his duties as per para 157 of AP Forest Code Vol-1 and he could not stop the illegal work being executed in the forest in his Jurisdiction.

The version of the in charge Forest Beat Officer is not convincing

Thus, the Forest Beat Officer has shown negligence in performing his legitimate duties by not properly protecting the forest wealth within his jurisdiction. If the individual was vigilant in his duties in perambulating the

(Contd.P-4)

area, he could have prevented the illegal formation of road and encroachment of Forest land by violating the provisions of Forest (Conservation) Act,1980 in Reserved Forests and registered criminal cases against the offenders under Forest Acts. Hence, he failed to report the facts and misled the higher officers by suppressing the facts.

Thus, the Charged Officer has failed to discharge his **general duties of Forest Officer under Section 148 of A.P. Forest Department Code and failed to attend the legitimate duties and responsibilities of Forest Beat Officer as envisaged under Section 157 of A.P. Forest Department Code** and thereby, violated the provisions of the A.P. Forest Act, 1967, Forest Conservation Act, 1980 and Circular instructions issued by the Principal Chief Conservator of Forests, Andhra Pradesh, Hyderabad in Circular No.13/1995, dated.12.11.1995 on Beat Inspections. **Hence, the Articles of charge**.
